

About Kid Magic

Kid Magic is in its seventeenth year of offering quality educational programs for children. All programs provide an environment that allows each child to maximize his/her unique abilities.

The director and founder of Kid Magic is Gail Nordstrand, a Washington state certificated teacher with an extensive background in elementary education. She holds a BA in Education, a MA in reading, and has years of experience teaching preschool through fifth grade as a Reading Specialist.

Gail also taught full day kindergarten for several years in the Bellevue School District and currently directs/teaches the programs of Kid Magic.

*The process of children learning is
a rare kind of magic, it is
Kid Magic*

School Locations

Kid Magic now has two extraordinary campuses to serve young learners. Both school sites are located within a park and each campus offers a unique outdoor environment that supports our enriched curriculum for young learners.

Robinswood Park 2432 148th Ave SE
Bellevue, Washington 98007.

With a 60 acre setting that offers a fenced duck pond, extensive exploration opportunities, and state of the art play structures, the Robinswood campus is an exceptional learning site.

Kelsey Creek Farm 410 130th Pl SE
Bellevue, Washington 98009

Kelsey Creek's 150 acres of forest, meadows, and wetlands offer a glimpse of the rural past. The Kelsey Creek campus is a rare environment for learning, complete with farm animals grazing outside the classroom!

About Our School

Our Preschool/Kindergarten offers young learners two unique outdoor environments that support our enriched curriculum.

Our curriculum is planned and guided to provide young learners experiences that will offer opportunities to maximize growth in all areas of the schooling process.

Because children learn different things in different ways at different times for different reasons, we support a curriculum that recognizes the uniqueness of children.

It is the philosophy at Kid Magic Preschool/Kindergarten that all children are unique and that parents and teachers who support that uniqueness provide a positive influence in the growth of children.

Our daily schedule promotes a social environment where children flourish and skill grouping provides a supportive configuration for learners of varying ages. Art, Music, Literacy, Math, Social Studies, and Science activities offer an academically enriching curriculum and are geared to children's interests and abilities.

The Early Learners Class
Kelsey Creek campus only
Ages 2.5 to 3

Preschool/Kindergarten
Kelsey Creek and Robinswood campus
Ages 3 through 5.
